

Nursery Autumn Newsletter

The children of FMPs nursery are provided with a wealth of opportunities and experiences which will pave the way for future learning and success. They explore a wide range of learning within the classroom and have access to an ever-changing and growing outdoor area.

We want children to be happy, motivated and enthusiastic learners. We provide a variety of adult lead activities in key areas, whilst encouraging child-initiated play for the majority of the time.

Your child will be learning through 7 areas of learning and development. The 3 prime areas are Communication and Language, Physical Development and Personal, Social and Emotional Development and the 4 specific areas are Literacy, Maths, Understanding the world and Expressive Art and Design.

At FMPs, the staff in our Early Years Team will support your child's transition to school and make sure that the activities are best suited to your child's unique interests and needs.

We are excited to be part of this amazing journey with your child and want to work with you, to create the best experience possible.

Please ensure that children come to Nursery with a supply of nappies, wipes and spare clothes please.

Weather watch

Our nursery children will be spending a lot of their time learning outdoors. As we are approaching Autumn and Winter, please can you ensure they are dressed appropriately so that they can keep warm while working outside.

Please name coats, hats and gloves.

A daily nutritious snack is available for your child, including a drink of milk or water. We access this in groups and encourage discussions and the opportunity to recall the learning taken place in the session.

Due to a range of food allergies, no food or drink from home is allowed in nursery. Thank you

Star of the WEEK

We have cuddly friends, our Peter Rabbits, who are always on the look out for **stars of the week** in nursery. They love to come home and spend time with children who are kind, helpful, polite, friendly and who try hard!. We love to discover children's interests from home and share them in Nursery with their friends.

Please bring some family pictures so that we can display them in your child's group areas along with their self portraits

Home activities/learning

Your home is the most important learning environment for your child. If there is any activity you would like your child to share with us over the coming months, please send a photo and short description. They will have the opportunity to tell their friends. This will form an important part of their Learning Journal.

Postcard format available in door way.
