

Tuesday 19th November 2019 - Year 3 have had a very busy day today!

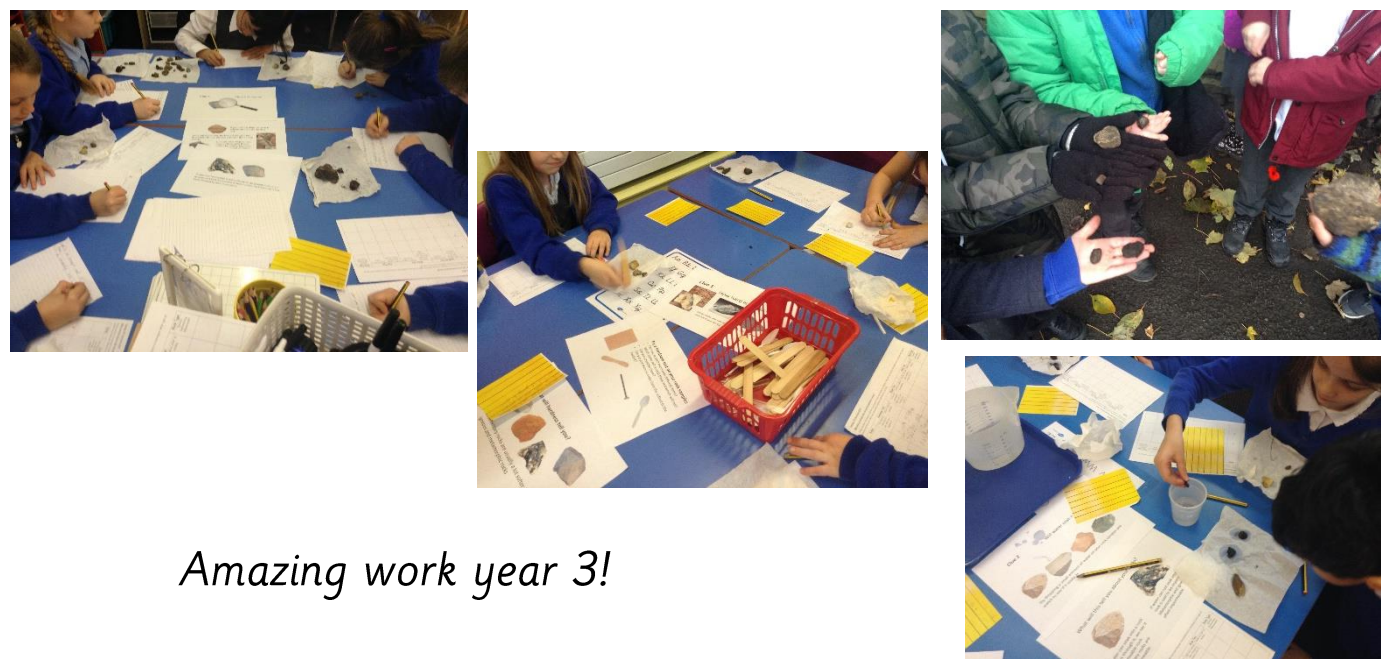

This morning, year 3 couldn't believe by playing these maths games (that they found extremely fun!) they would feel more confident in larger numbers, in preparation of starting our new addition and subtraction unit next week.

It was great to see the whole class excited about maths!

This afternoon, we became Rock Detectives!

We were investigating what kind of natural rock we could find around our school. We went on a rock hunt around the playground, and then we experimented each rock to see if we could figure out which natural rock they were.

Amazing work year 3!
