

## COMMENTS FROM OUR FMPS PARENTS DURING THE COVID-19 PANDEMIC:

"I just want to say that as a family we are grateful for everything you have done this year and continue to do"

"I'd just like to say thank you so much for your support and hard work during these difficult times. I'd also like to thank the teachers as they have really made starting and returning to school a pleasure for both kids"

"I just want to thank you and your staff for the way you've handled this whole situation and I hope you're all well. The support we've received has been great. Please know that it is very much appreciated."

"You are doing a great job"

"Just to say thank you for the update about the new groupings for Y1/2. I'm sure you and the other staff are doing the best you can for all the children (and parents!)"

"I know how difficult things must be from your end, and I (along with I'm sure every other parent) really appreciate what you're doing and the decisions you're making."

"I just want to make you aware there are many of us parents who can see what hard work and thought has been put into every decision which is made. Keep going and thank you for helping to keep not only our children safe but also happy and wanting to be in school"

"You and your staff are already doing a fantastic job of keeping our children safe. Whatever you decide to do with the bubbles will be done after much consideration and our children's best interests at heart."
